MAN v FOOD

ARE YOU UP TO OUR CHALLENGE?

Seven 7oz burgers, seven pieces of smoked bacon, seven slices of American
cheese, brioche bun, a little salad and two portions of fries.

Eat in less than 20 minutes and get your **FOOD FOR FREE**, an urbanburger
t-shirt and your name on our leader board.

Booking essential.

If you suffer from a food allergy or intolerance, please let your server know upon placing your order. As our food is delivered to us in its rawest form, and the fact that we make most dishes in our kitchen from scratch, we are extremely confident in being able to provide totally accurate information to diners about the ingredients, methods of cooking and storage procedures of our produce. Every care is taken to avoid any cross contamination when processing a specific allergen free order. We do however work in a kitchen that processes allergenic ingredients and do not have a specific allergen free zone.

What we require is that you, the diner, take responsibility in advising us of any dietary requirements or conditions, whereupon our staff will be ideally placed to best look after you.

Also, due to government bureaucracy we are not allowed to serve rare burgers at this time (watch this space!).
